

### **Media-Go awarded a Government Contract for Closed Circuit Television System**

Hong Kong, August 27, 2008 - Media-Go Engineering Ltd. today announced that they have been awarded a biennial contract for Closed Circuit Television Systems with the Electrical & Mechanical Service Department (EMSD of HKSAR). Media-Go will supply the CCTV system, Audio-Visual and Video-Conferencing System for the Government on Hong Kong Island and the Kowloon Peninsula from 2008 to 2010.

“We are pleased to have been awarded this contract. We have been working with EMSD for many years and over these years we have built a strong relationship. In 2006, we also received an Audio System, Auxiliary Equipment and Emergency Call-out Systems Biennial Contract. Based on our 20 years of experience in this industry, we are confident to provide the best solution to our customers,” said Jeff Ng, Director of Sales, Media-Go Engineering Ltd.

Established in 1988, Media-Go Engineering Ltd. specializes in providing various advanced, reliable, and user-friendly audiovisual systems, including Multimedia Presentation Systems, Audio/Video Conferencing Systems, Central Control Systems, Lighting Control Systems, Home Automation, Public Address Systems, Simultaneous Interpretation Systems, and Data Display

Wall Systems. Over the years, our clients have enjoyed the best quality systems with our one-stop services.
