

InfoComm Asia 2008 Hong Kong Media-Go Group

Media-Go Group participated in InfoComm Asia, Asia's first show for ProAV and systems integration, which took place at the Hong Kong Convention & Exhibition Centre, from the 19th to the 21st November 2008. There, Media-Go demonstrated a comprehensive range of Audio/Video-Solutions.

Not surprisingly, Media-Go exhibited a wide range of high-end systems and products that they carefully selected. Media-Go is a system integrator who provides the best quality systems with their one-stop services to customers. The booth displayed multiple system integrations which include high definition media home theater, videoconferencing, hotel suite entertainment, and digital signage integration. In addition, there were some captivating products like 3D television and real time 3D animation effects, which brought you an exciting sense of high-end products.

This 3-day show attracted more than 7000 attendees from 49 countries. The exhibition was successfully held and visitors were elated with the show's up-to-date advanced systems and products.

Through its hard work, Media-Go Group is fast becoming one of the leaders in the Audio/Visual industry, with its continuous creation of more cutting-edge products now and into the future.
