

Macau Workshop - Improving Crisis Communication

On 16th April 2010, a Macau Workshop took place at Fundo para o Desenvolvimento das Ciencias e da Tecnologia in Macau.

A large range of High Definition Telepresence applications & demonstrations were shown to the audiences.

- HD Video Conferencing System: Edge 95 MXP and Quick set C20
- Personal Video Conferencing Desktop System: T 1700MXP
- Integrator Video System: C60
- Multipoint Control Units Units: Codian MCU 4501

Guests from the financial, hospitality, educational and governmental sector enjoyed as well as consultants.

Thanks to the outstanding support of our Platinum Partner Tandberg and the large number of guests, the Macau Workshop was a full success.
