

Live Demonstration for Hotel Industry

On 3rd June 2010, a Live Demonstration for hotel industry took place at Media-Go Office in Kwun Tong, Hong Kong. We are honored to invite the member of Hong Kong Hotels Association as guest.

A large range of applications like central control system, lighting control system, home automation, public address system, LCD display wall, IPTV system, video broadcasting system, digital signage, e-directory system, multimedia presentation systems, live streaming system, line array column loudspeakers, network amplifiers & DSP systems were shown to the audience.

- Cabletime – IPTV system, video broadcasting system, digital signage
- Reach - Multimedia recording in HD resolution & streaming system
- Crestron - Central control system, lighting control system
- Kramer - Presentation switcher
- eShowcase – Digital interactive multimedia display system
- Samsung - LCD display wall
- JBL - Line array column loudspeaker
- Crown - Network amplifiers
- BSS Audio - DSP system

Thanks to the outstanding support of all suppliers and the member of Hong Kong Hotels Association, the Live Demonstration at Media-Go was a full success.
