

**Media-Go Technology Limited has been appointed by  
Aethra as distributor in Hong Kong and Macau**

(Hong Kong, 1 November 2006) Media-Go Technology Ltd., specializing in supplying high-end Audio Visual products, today announces that it has entered into a distribution agreement with Aethra, a leader in the global telecommunications market with full spectrum of videoconferencing solutions. The agreement builds on Aethra's growing reputation as a leader in the videoconferencing marketplace.

Media-Go Technology Ltd is one of the leading audio visual distributors in Asia. It carries a wide range of products including central control system, video and audio conferencing equipments, AV distribution and management system, large scale display system etc. Media-Go is actively involved in the channel distribution among the region by providing their channel partners with professional advice.

"We are pleased to cooperate with Aethra whose products provide a great flexibility and security. This will complete the Media-Go's portfolio for Audio-Visual Solutions," said Mr. Jeff Ng, Director of Sales from Media-Go.

Under this agreement, Media-Go will provide sales and technical support for Aethra's wide range of videoconferencing products such as Theseus, its new entry-level compact videophone, plus the X3 and X5 models, the most popular video conferencing systems for all sizes of enterprises at the moment.

Aethra has created and developed multi-media video communication systems, as well as remote surveillance and multi-conferencing solutions for ISDN, ATM, xDSL and analogue networks. In the telecommunications sector, technology continues to forge ahead with a lot of new innovations and advancement. Aethra has been successful in catering for the requirements of different business sectors on a global basis, relating to medicine, safety & security and education by adopting its own technology on devising cost-effective solution with simple installation and user-friendly interface.
