

**Media-Go Technology Limited appointed by
Vaddio as sole distributor in Hong Kong and Macau**

(Hong Kong, 1 September 2006) Media-Go Technology Ltd., specializing in supplying high-end Audio Visual products, is proud to announce to be the sole distributor of Vaddio in Hong Kong and Macau.

Media-Go Technology Ltd is one of the leading audio visual distributors in Asia. It carries wide range of products including central control system, video and audio conferencing equipments, AV distribution and management system, large scale display system etc. Media-Go is active involve the channel distribution in the region by providing the channel partners with professional advice.

“To fully support our partners with comprehensive solution, we provide a large range of AV technologies. Having Vaddio as our partner, we can even cover more area in the AV Arena by offering highest level of support to our partners and customers” Mr. Jeff Ng, Director of Sales of Media-Go said.

Media-Go will provide the most updated Vaddio product information, technical skill transfer and professional training to system integrators and dealers in Hong Kong and Macau. With Media-Go sales, marketing and technical support service in the regions, it will further strengthen the backup of Vaddio technologies.

Vaddio provides numerous camera control systems for distance learning, training and presentation rooms and surveillance & security. Vaddio’s ProductionVIEW is a platform incorporates matrix video switching, camera preset control; TrackVIEW incorporates both motion based camera tracking and camera preset tracking in one system; StreamVIEW is a MPEG4 A/V Server designed for streaming video and audio content from any Vaddio camera control system or any other A/V device. The StreamVIEW also allows any Sony® or Canon® pan/tilt/zoom camera to become an IP camera with complete web-based remote control. All these series of Vaddio technologies make camera control easier to design and implement.

About Vaddio

Vaddio designs, manufactures and sells camera control systems and specialty cameras used in conferencing and the presentation industry. Vaddio began with a simple philosophy; To make camera technology easy to use and even easier to install. This philosophy has allowed Vaddio to create some of the most unique camera control products and specialty cameras that can be integrated into any conferencing and presentation room design.
