

FLAT WALL MOUNT FOR MEDIUM TO LARGE 32" - 50" LCD AND PLASMA SCREENS UNIVERSAL

[Email this product to a friend](#) | [Printable Version](#)

The SmartMount® Universal Flat Wall Mount supports virtually any 32" to 50" flat panel screen. The ultra-slim wall plate keeps the screen only 1.68" from the wall for a very discreet installation that is perfect for boardrooms, digital signage, or home theaters. The mount includes simple to align universal brackets and a unique wall plate that can be mounted to two wood studs up to 24" apart, concrete, cinder block or metal studs (accessory required). Includes a Sorted-For-You™ baffle pack with all screen hardware and security fasteners.

FLAT PANEL CONVERSION KIT FOR 32" TO 50" LCD AND PLASMA SCREENS

[Email this product to a friend](#) | [Printable Version](#)

Converting from CRT TVs to flat panels? Peerless has made it simple with the industry's first flat panel conversion kit. Our Flat Panel Conversion Kits (PLCK) utilize existing Jumbo CRT wall arms and ceiling extension columns from CRT mounts and provide installers with everything needed to attach a flat panel TV. No drilling required, just remove the yoke-style bracket and replace with the conversion kit. PLCK models position the new flat panel screen in the same location and viewing angle as the previous CRT screen to eliminate a new screen layout plan in the facility. The PLCK Flat Panel Conversion Kit can be attached to wall, ceiling and multi-display mounts and are the ideal solution for renovations in restaurants, bars, health clubs, fitness rooms, classrooms and stadiums

PRG – PRECISION GEAR PROJECTOR MOUNT

[Email this product to a friend](#) | [Printable Version](#)

Peerless' PRG Precision Gear Projector Mount is changing the way image alignment is done. The patent-pending precision gear design provides exact tilt and roll image positioning with a simple turn of a knob. Once the installer sets the precision gear to the desired position it stays securely in place. It will not shift during projector maintenance, bulb replacement, and will not loosen or change alignment due to vibration, accidental bumping etc. With Peerless' PRG Precision Gear Projector Mount the installer sets it and forgets it.

UNIVERSAL INDOOR AND OUTDOOR FLAT PANEL SCREEN ENCLOSURE

[Email this product to a friend](#) | [Printable Version](#)

Protect your LCD or plasma flat panel screen from the rain, snow, dust and vandalism with the Peerless Environmental Enclosure. Specifically designed to protect your messaging year round in public areas such as stadiums, theme parks and malls, Peerless Enclosures are available for both indoor and outdoor solutions with climate control features that ensure your investment is always running at its specified temperature and its solid metal construction and security locks makes sure it remains there. With wall, floor and ceiling mounting options available, these enclosures can be placed anywhere your messaging needs to be seen. Custom solutions are also available.
